

REEL ROLLER PLATFORM

Easy Pay-out From Any Reel

Our Reel Roller Platforms are constructed with tough structural steel frames and front roller locks to ease reel removal. Side rollers are included. Low base design is implemented with rugged steel “angle” construction and steel plate ramps to avoid damaging the cable inside the reel.

Standard Sizes Available

Model	Reel Width	Capacity
280S	28”	2,000 lbs
300S	30”	2,000 lbs
360S	36”	2,000 lbs
480DW HD	48”	2,000 lbs (per reel)
600S	Adjustable	3,000 lbs
HDRR5	72”	5,000 lbs

All reel roller platforms are designed to be the most efficient and reliable in the reeling industry

Standard Features

- Front roller lock for ease of reel removal
- Side roller bearings to prevent reel flange chafing
- Raised rear roller to help secure the reel in place
- Adjustable roller to handle reels from 24” to 60” diameter
